

A detailed digital illustration of three Oviraptor dinosaurs in a lush, prehistoric landscape. The dinosaurs are depicted with brown and white feathers, a prominent red throat patch, and a blue patch around the eye. They have a small, crest-like structure on their heads. The central dinosaur is in the foreground, facing left, with its wings slightly spread. Two other dinosaurs are in the background, one on the left and one on the right, both facing left. The landscape features a dirt path, green ferns, and a body of water in the distance. The sky is blue with white clouds. A light green vertical bar is on the right side of the image.

Oviraptor

Geen tanden, maar snavel
1,6 meter lang, 22 kilo
Leefde op zandduinen
