

A digital illustration of three Oviraptor dinosaurs in a prehistoric landscape. The dinosaurs have long, red, scaly necks, blue faces, and a small crest on their heads. They have brown and white feathers on their bodies. They are standing on a dirt path with a body of water and trees in the background under a blue sky with white clouds. The dinosaur in the center is the largest and is facing left, while the other two are smaller and are facing right.

Oviraptor

Geen tanden, maar snavel
1,6 meter lang, 22 kilo
Leefde op zandduinen
