

A digital illustration of three Oviraptor dinosaurs in a prehistoric landscape. The dinosaurs have long, red, scaly necks, blue faces, and a small crest on their heads. They are covered in brown and white feathers. The central dinosaur is in the foreground, facing left, with its wings slightly spread. Two other dinosaurs are in the background, one to the left and one to the right, both facing left. The landscape features a dirt path, green ferns, and a body of water in the distance. The sky is blue with white clouds.

Oviraptor

Geen tanden, maar snavel
1,6 meter lang, 22 kilo
Leefde op zandduinen
